Vinivication Temperature-controlled aging in stainless steel tank, aging in barrique barrels

Characteristics From strong amber dark colour with embedded golden reflections - clear and ripe aroma of honey and caramel, over-ripe quince. The barrique delivers a hint of vanilla. Our winemaker Robert Schnurr refined these grapes with great care and love to a true brilliant. With a small amount he then tried aging in barrique, which is extremely unusual for an ice wine and is also associated with high risk. But be sure, it was worth it. Experience this taste experience of a special kind.
